Profile

Music producer, YouTuber, and freelance video editor with a PhD in Computer Science. I design short-form + long-form content systems that connect music and visuals, combining sound design, editing, and storytelling. Experienced in building creative workflows with FL Studio, Premiere Pro, After Effects, OBS, and automation tools.

Experience

Senior Researcher — University of Fribourg (2016–Present)
Human–Computer Interaction, recommender systems, user-centered design.

Music Producer / YouTuber (Edwan) — YouTube, TikTok, Instagram
100k+ community across platforms. Produced electronic music, tutorials, livestreams, and branded content.

Freelance Video Editor — Broducer Studios / Clients
Weekly editing packages, short-form reels, music-driven campaigns, thumbnails & titles.

Skills

■ Music Production	FL Studio, sound design, mixing, mastering
■ Video Editing	Premiere Pro, After Effects, OBS
■■ Tech & Systems	React Native, JavaScript, n8n automations, API integrations
■ Languages	French (native), English (bilingual), German (conversational)

Education

PhD in Computer Science — University of Fribourg (2018–2023)

Full EST overlap (8:00–17:00). Available for freelance projects and collaborations.
