PROFILE

Music producer, freelance video editor, and community builder. I help creators, labels, and brands grow with engaging content: short-form edits, long-form breakdowns, and creative campaigns. My work blends sound design, mixing, and storytelling with video to deliver content that performs on today's platforms.

EXPERIENCE

Senior Researcher — University of Fribourg (2016–Present)

- Led research in Human-Computer Interaction and algorithmic decision-making
- Designed and implemented digital tools with focus on user agency and transparency
- Supervised students and collaborated across disciplines

Music Producer & YouTuber — Edwan / Broducer (2010–Present)

- Built a community of 100k+ followers across YouTube, TikTok, and Instagram
- Produced FL Studio packs, tutorials, and coaching for music producers
- Delivered content collaborations, livestreams, and branded partnerships

SKILLS

- FL Studio (sound design, mixing, mastering)
- Adobe Premiere Pro, After Effects (video editing, motion)
- OBS, Notion, Figma, Plausible Analytics
- React Native, JavaScript, automation (n8n, API integrations)
- Community building and coaching

EDUCATION

PhD, Computer Science — University of Fribourg (2018–2023)

Full EST overlap (8:00–17:00). Available for freelance projects and collaborations.
